Geol 554
For class discussion Wednesday: what are the velocities of events A, B, C, and the air wave?

\[ V_A = \, \text{ft/s}; \, \text{Event Type}\, \] 

\[ V_B = \, \text{ft/s}; \, \text{Event Type}\, \] 

\[ V_C = \, \text{ft/s}; \, \text{Event Type}\, \] 

\[ V_{\text{air wave}} = \, \text{ft/s}; \, \text{Event Type}\, \]
